

# 11 REASONS you'll want you to meet

## BRIAN COPELAND

He has spoken at **NAR** and numerous state conventions.

He's kinda **FUNNY** on a good day.

He's one of less than 150 **CYBERSTARS** world-wide.

He was one of Real Estate Magazine's **TOP 50** Agents on the Rise.

He sells in the **TOP 1%** of the Nashville market, spending less than \$500 a month on marketing.

He's on **TV** a lot on shows like House Hunters, HGTV's Top 25 Homebuying Tips and Goodbuy/Badbuy.

His sales figures have only **GONE UP** in 2009's tough economy (keep in mind, he sold 63 homes in his first nine months in the industry).

He just finished writing The Council of Residential Specialists **CRS** latest digital course releasing in 2010.

He was one of the NAR's **ADVOCACY** Finalists for Technology.

He serves as the social media liaison for NAR's **PROFESSIONAL** Standards Committee pilot program.

He's just like you, selling real estate, crying over appraisals and stress-eating in negotiations **EVERY** day.
